Multi-Agent LQ45 Stock Analysis

Date: 2026-08-16 | **Model:** qwen2.5:7b | **Stocks:** 47

This report is generated by TauricResearch multi-agent AI system running on NVIDIA Tesla P4 GPU. Each stock is analyzed by a team of AI agents: market analyst, news analyst, fundamental analyst, and risk manager. The comparison table ranks all LQ45 stocks across multiple valuation metrics.

ACES — Consumer Cyclical

Price	Rp 354	P/E	7.9x
P/B	0.95x	ROE	12.1%
RSI	53.3	HOLD	

HOLD. The stock's valuation metrics and RSI suggest a stable position, but the high debt-to-equity ratio warrants caution.

ADHI — Industrials

Price	Rp 143	P/E	0.6x
P/B	0.42x	ROE	-86.1%
RSI	0.0	HOLD	

HOLD ADHI's negative ROE and high debt-to-equity ratio indicate underlying financial instability, making it a risky investment for the long term.

ADRO — Energy

Price	Rp 2,530	P/E	8.3x
P/B	14882.35x	ROE	10.3%
RSI	51.0	Signal = "#f97316">HOLD	

HOLD ADRO's high P/B and D/E ratios indicate potential overvaluation, while its low ROE suggests lower profitability compared to peers. The stock price has shown a significant decline in the past year, but the recent increase may not be sustainable without improvements in these key metrics.

AKRA — Energy

Price	Rp 1,400	P/E	10.2x
P/B	2.14x	ROE	19.5%
RSI	48.1	Signal = "#f97316">HOLD	

HOLD The stock's valuation metrics are mixed with a relatively high P/B and D/E ratio but low P/E and ROE. The RSI and recent price movement also suggest caution, making a HOLD decision appropriate for now.

ASII — Industrials

Price	Rp 4,780	P/E	6.5x
P/B	0.83x	ROE	12.0%
RSI	42.4	Signal="f97316">HOLD	

HOLD The company's low P/E ratio and debt-to-equity ratio suggest a cautious approach, while the declining stock price and RSI indicate potential market uncertainty.

ASRI — Real Estate

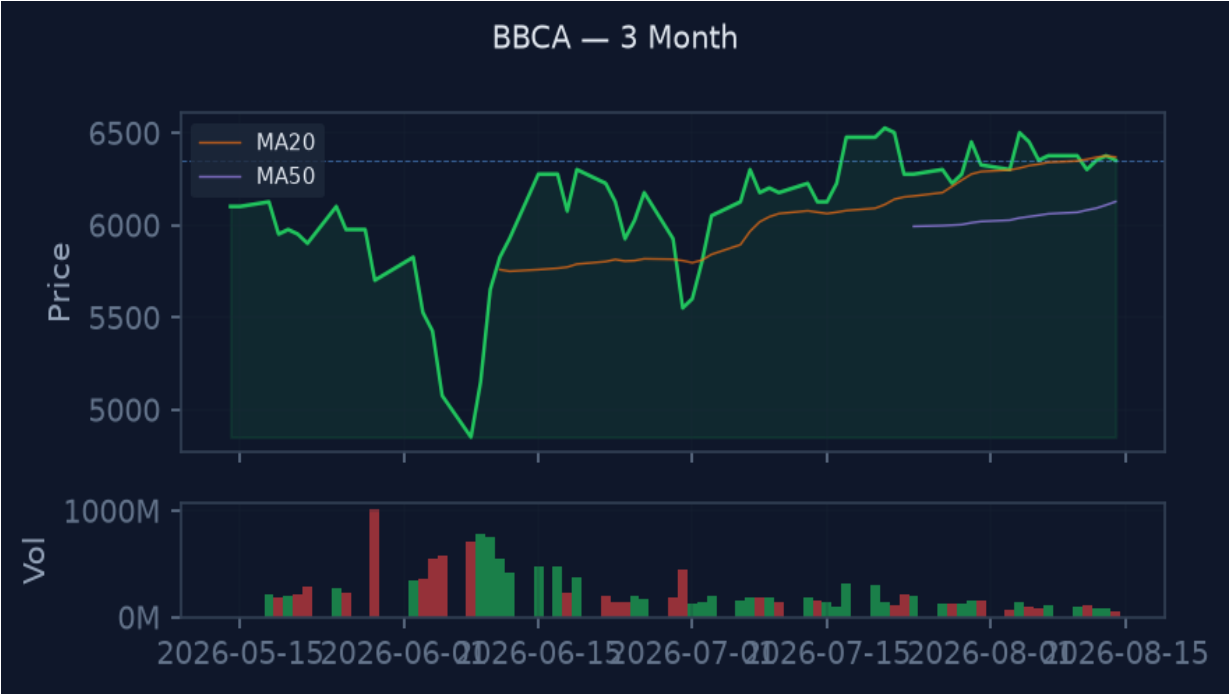

Price	Rp 122	P/E	8.4x
P/B	0.21x	ROE	2.5%
RSI	56.5	Signal="f97316">HOLD	

HOLD The stock's valuation metrics are relatively low compared to its peers, but the company's low ROE and high debt-to-equity ratio suggest limited growth potential.

BBCA — Financial Services

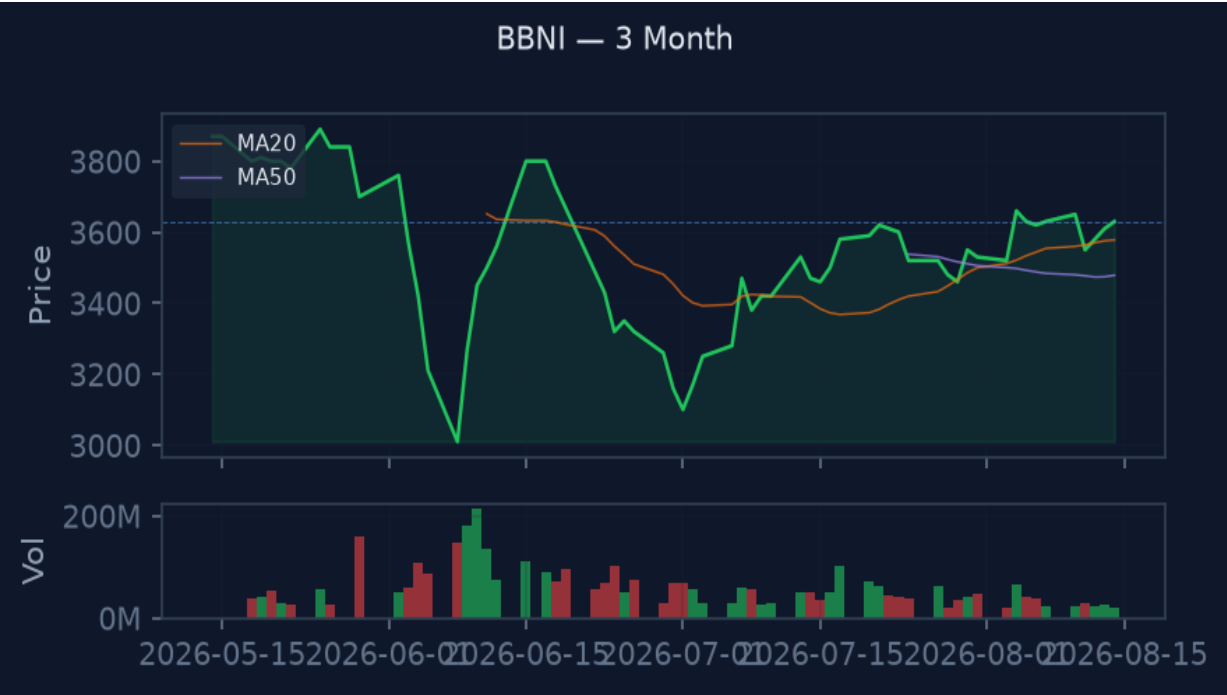

Price	Rp 6,350	P/E	13.5x
P/B	2.88x	ROE	21.8%
RSI	52.5	Signal: BUY	

HOLD. The stock's valuation metrics and recent price movement suggest a stable position rather than an immediate buy or sell signal.

BBNI — Financial Services

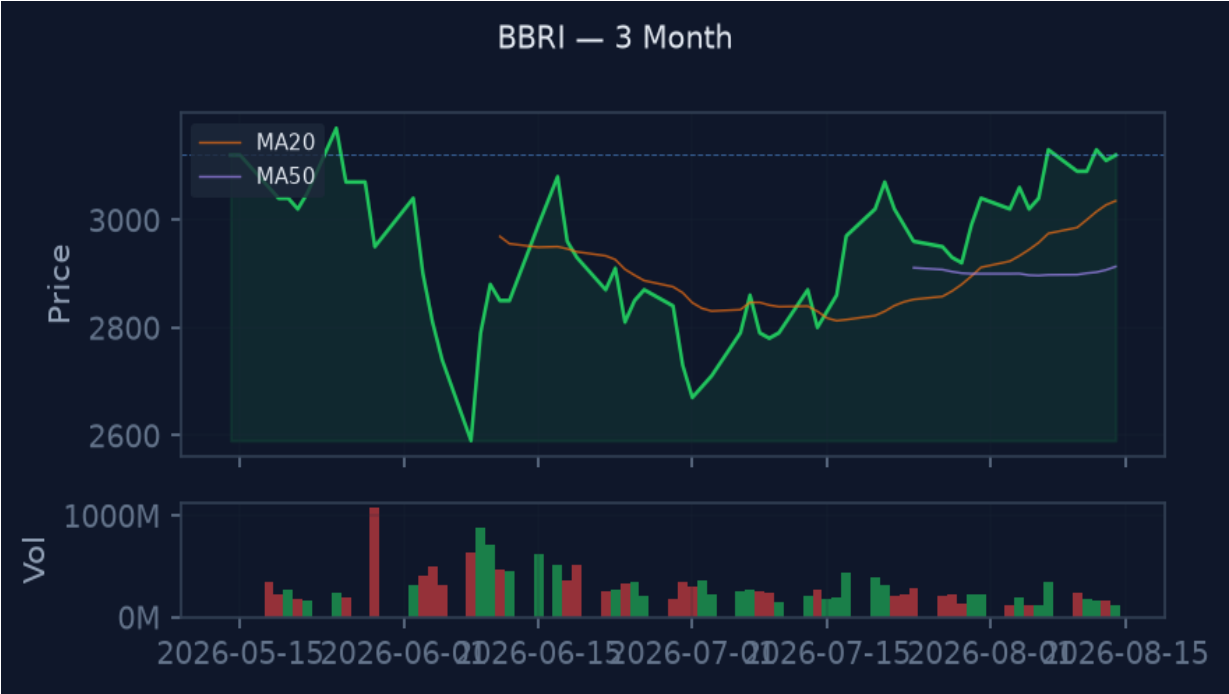

Price	Rp 3,630	P/E	6.5x
P/B	0.82x	ROE	12.4%
RSI	59.6	Signal: HOLD	

HOLD The stock's valuation metrics and recent price movement suggest a stable position rather than significant growth or decline.

BBRI — Financial Services

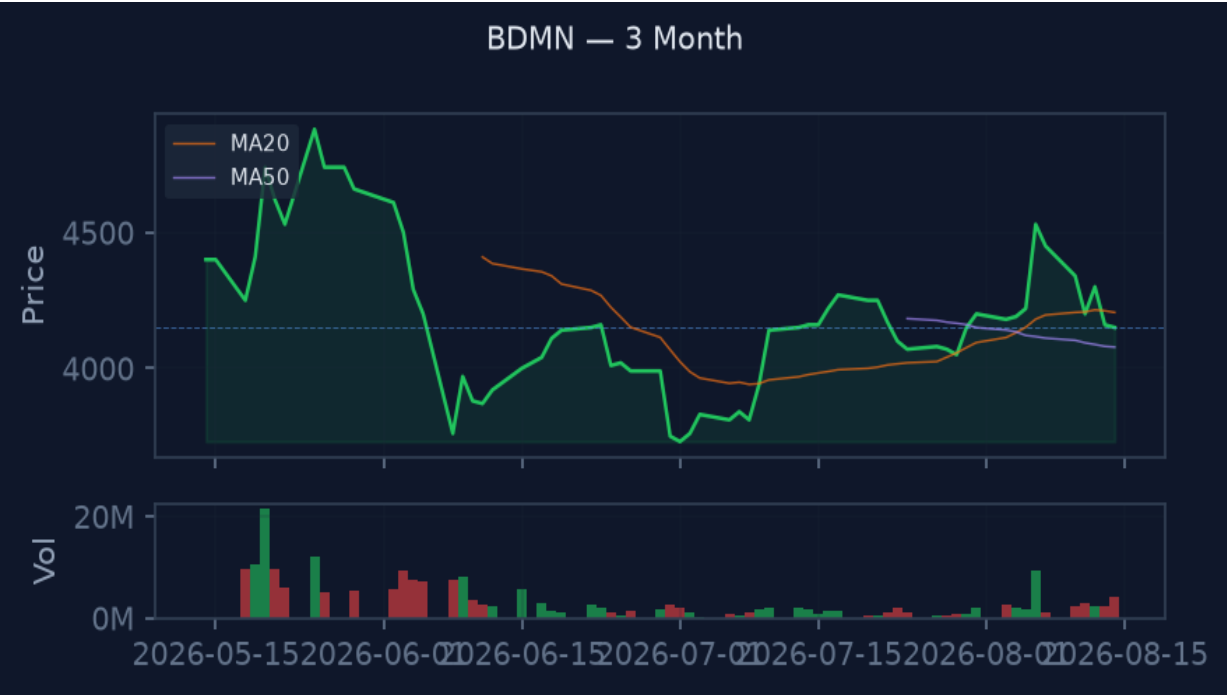

Price	Rp 3,120	P/E	8.0x
P/B	1.39x	ROE	18.1%
RSI	68.1	Signal="#f97316">HOLD	

HOLD The stock's valuation metrics and technical indicators suggest a stable position in the market, but not necessarily strong growth potential.

BDMN — Financial Services

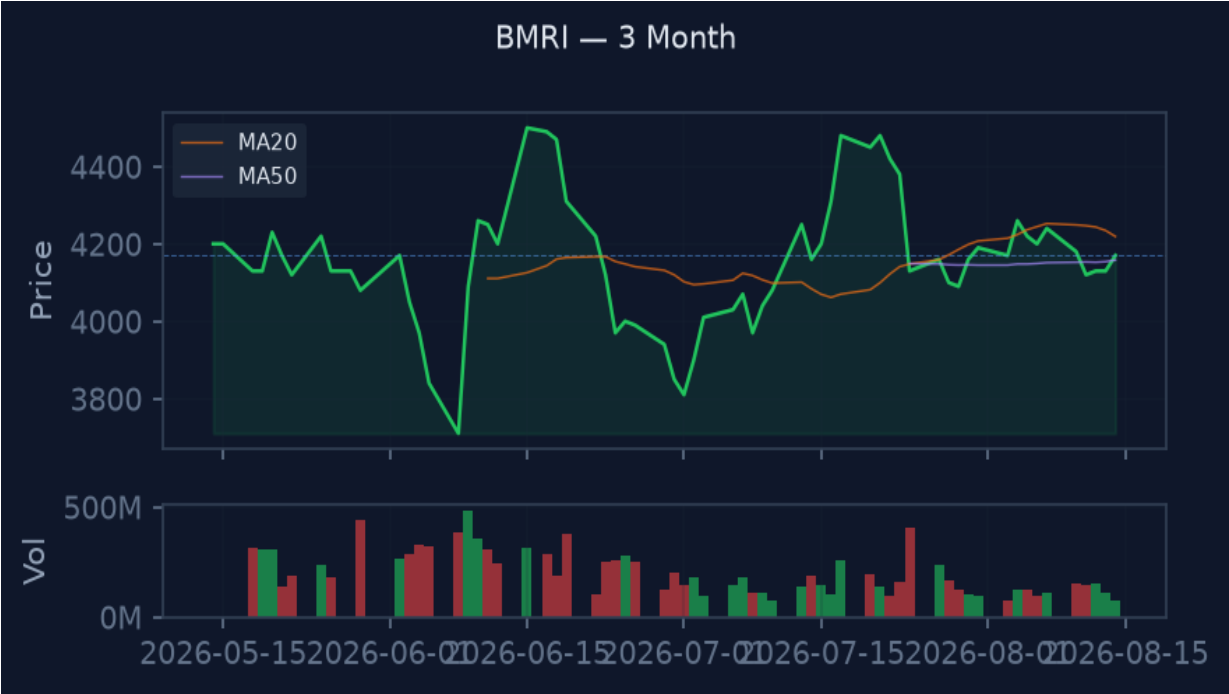

Price	Rp 4,150	P/E	8.9x
P/B	0.75x	ROE	8.7%
RSI	53.1	Signal="#f97316">HOLD	

HOLD. The stock's valuation metrics suggest it may be fairly valued or slightly undervalued, but the recent price decline and moderate RSI indicate caution is warranted before making a strong investment decision.

BMRI — Financial Services

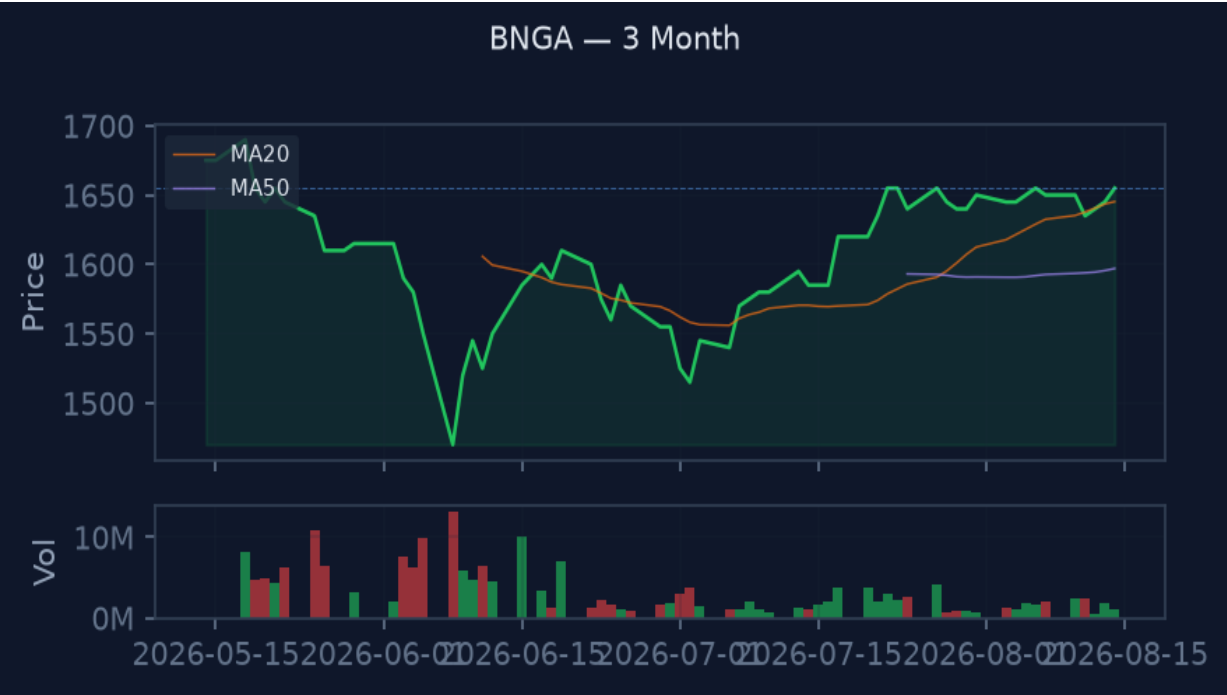

Price	Rp 4,170	P/E	6.2x
P/B	1.37x	ROE	22.4%
RSI	50.9	Signal="f97316">HOLD	

HOLD The stock's valuation metrics are reasonable, but the modest price change and moderate volatility suggest limited growth potential in the near term.

BNGA — Financial Services

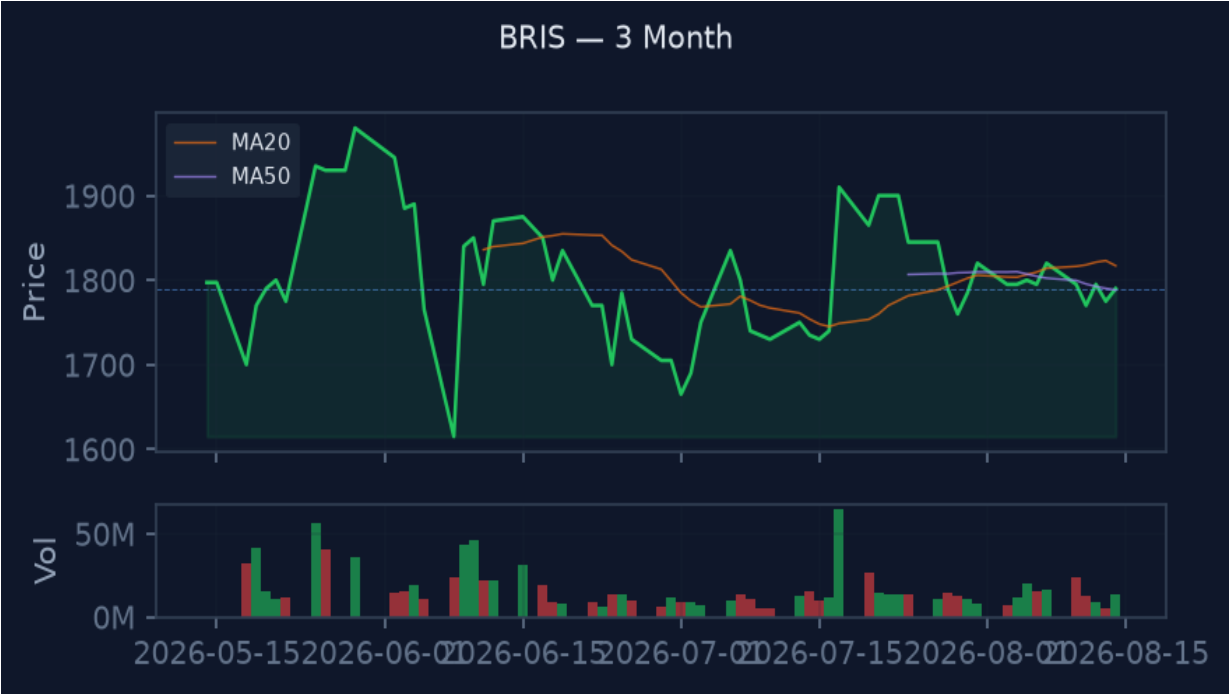

Price	Rp 1,655	P/E	6.1x
P/B	0.72x	ROE	12.0%
RSI	50.0	Signal="f22c55e">BUY	

HOLD The stock's valuation metrics are reasonable, but the modest growth and stable financials do not warrant a strong buy recommendation.

BRIS — Financial Services

Price	Rp 1,790	P/E	10.5x
P/B	1.63x	ROE	16.2%
RSI	41.3	Signal="#f97316">HOLD	

HOLD The stock's valuation metrics are reasonable, but the RSI and recent price change suggest a cautious approach due to potential market volatility.

BSDE — Real Estate

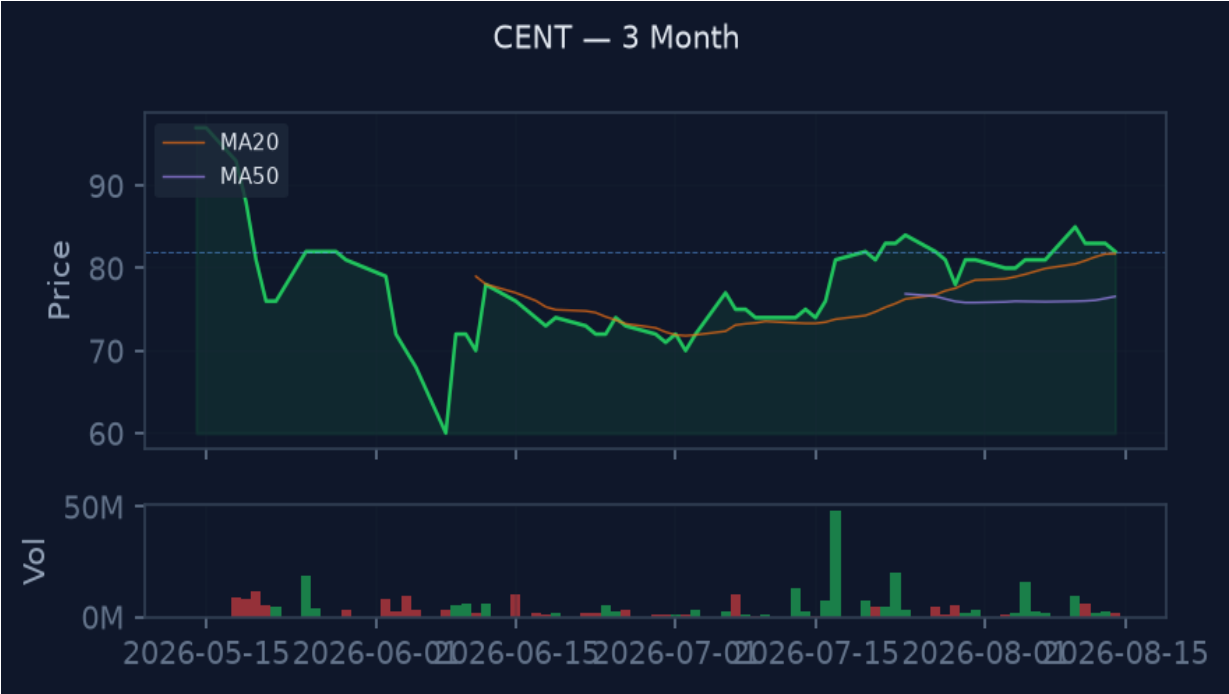

Price	Rp 595	P/E	6.7x
P/B	0.28x	ROE	4.2%
RSI	61.5	Signal="#f97316">HOLD	

HOLD The stock's valuation metrics and RSI suggest a stable position in the market, but limited growth potential.

CENT — Communication Services

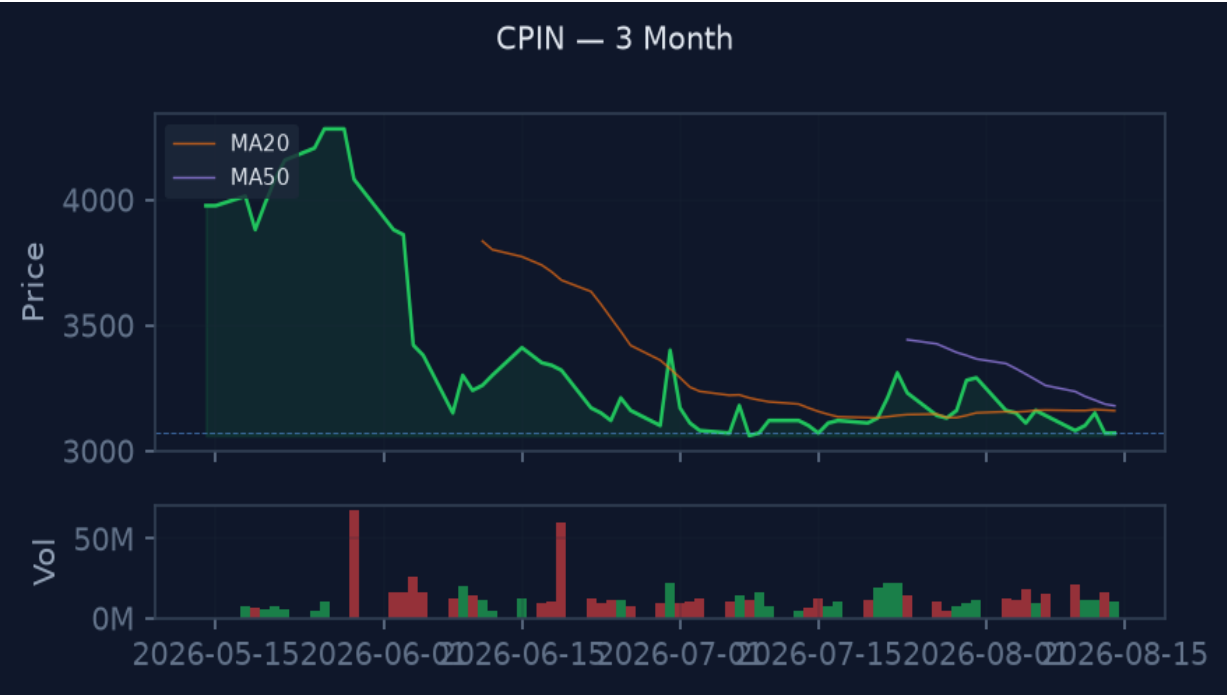

Price	Rp 82	P/E	0.0x
P/B	1.04x	ROE	-78.8%
RSI	50.0	Signal="BUY"	

HOLD The company's negative ROE and high debt-to-equity ratio indicate potential financial instability, while the stock's RSI suggests it may be fairly valued. Further analysis is needed before considering a buy or sell decision.

CPIN — Consumer Defensive

Price	Rp 3,070	P/E	6.8x
P/B	1.44x	ROE	22.8%
RSI	44.4	Signal="HOLD"	

HOLD The stock's valuation metrics are reasonable, but the company's financial leverage is high, indicating potential risk.

ERAA — Consumer Cyclical

Price	Rp 458	P/E	5.1x
P/B	0.76x	ROE	15.5%
RSI	80.8	Signal="#f97316">HOLD	

HOLD The stock's high RSI and significant price change in the past year suggest caution before making a strong investment decision.

EXCL — Communication Services

Price	Rp 2,800	P/E	16.7x
P/B	1.75x	ROE	-20.1%
RSI	72.6	Signal="#f97316">HOLD	

HOLD. EXCL's high valuation and negative ROE suggest caution is warranted in the current market conditions.

FILM — Communication Services

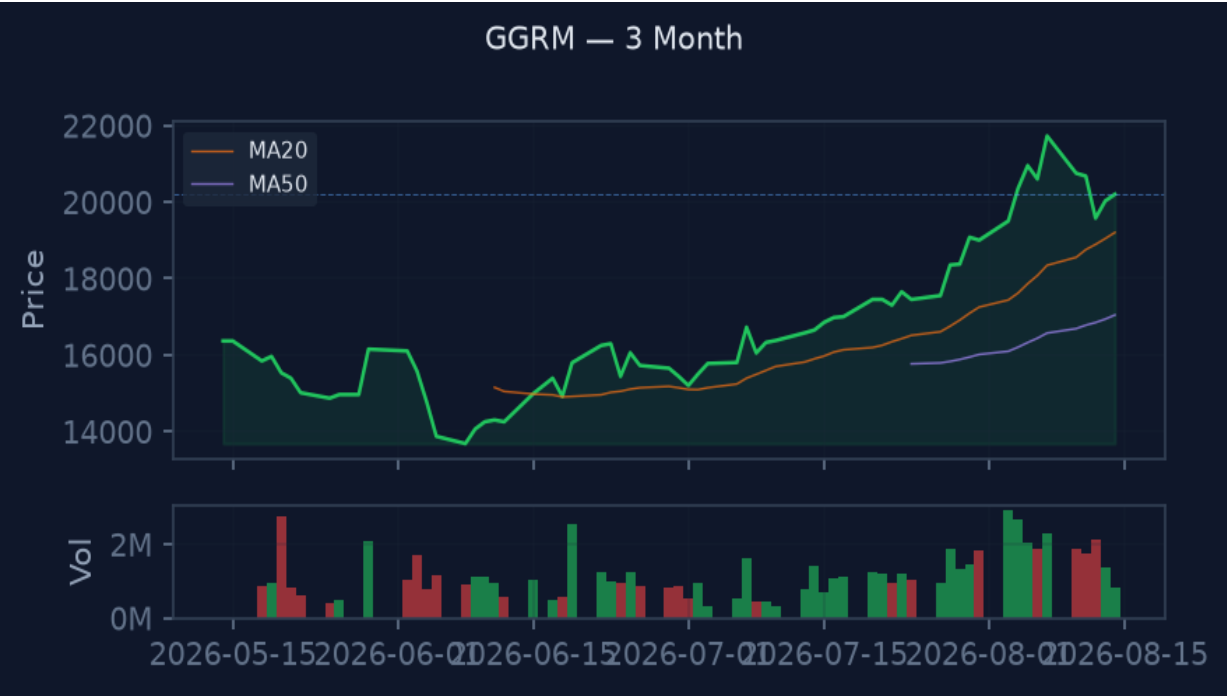

Price	Rp 900	P/E	0.0x
P/B	3.15x	ROE	-8.8%
RSI	38.9	Signal="BUY"	

HOLD The stock's high debt-to-equity ratio and negative return on equity suggest caution is warranted before considering a buy.

GGRM — Consumer Defensive

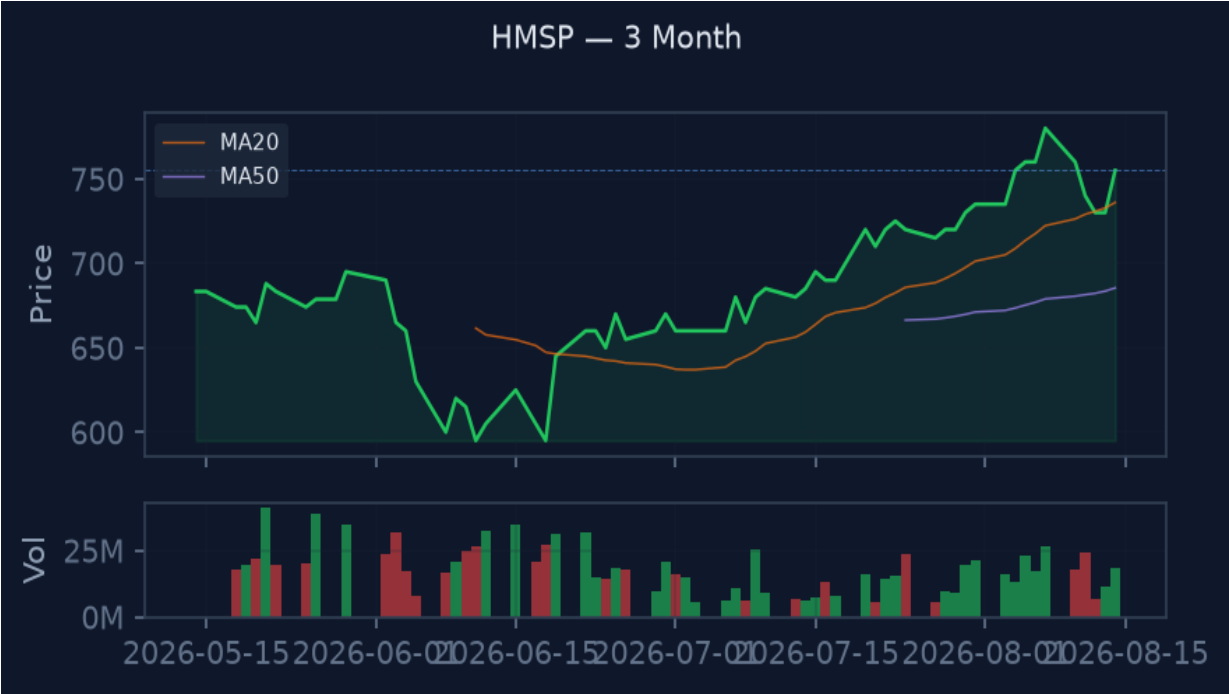

Price	Rp 20,200	P/E	8.8x
P/B	0.61x	ROE	7.1%
RSI	67.0	Signal="HOLD"	

HOLD The stock's valuation metrics and recent price movement suggest a stable position rather than significant growth or decline.

HMSP — Consumer Defensive

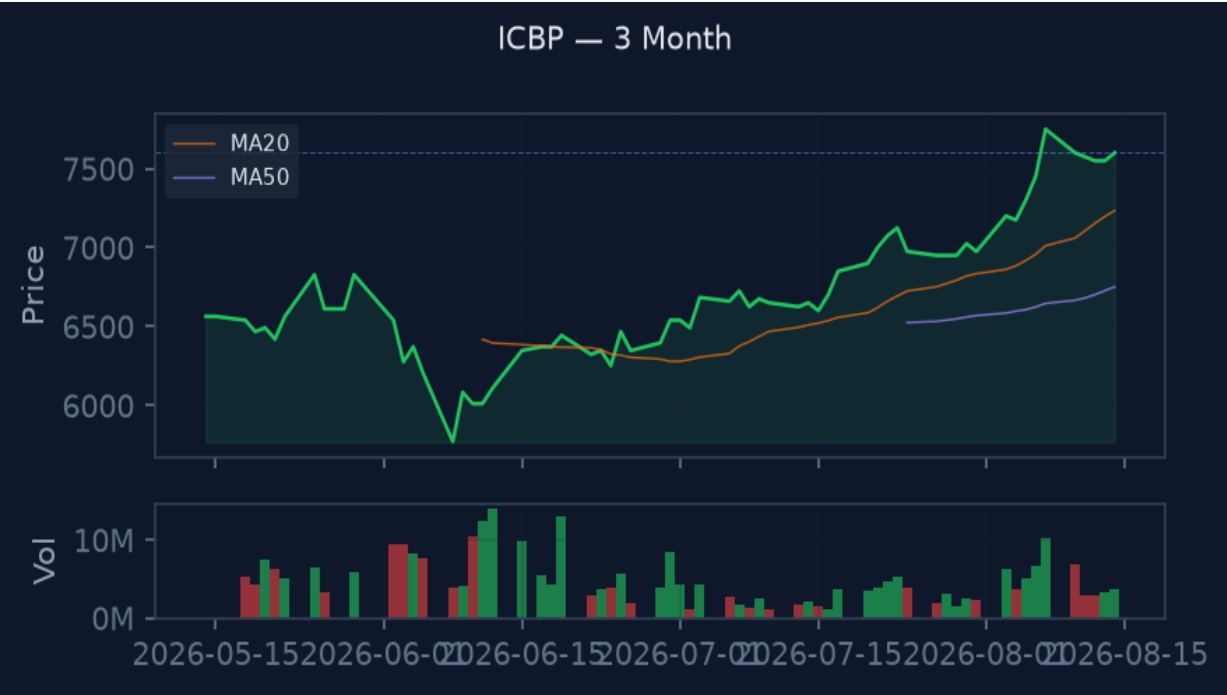

Price	Rp 755	P/E	10.1x
P/B	3.37x	ROE	34.7%
RSI	64.3	Signal: #f97316HOLD	

HOLD. The stock's valuation metrics and price movement suggest a stable position in the market, but not necessarily strong growth potential.

ICBP — Consumer Defensive

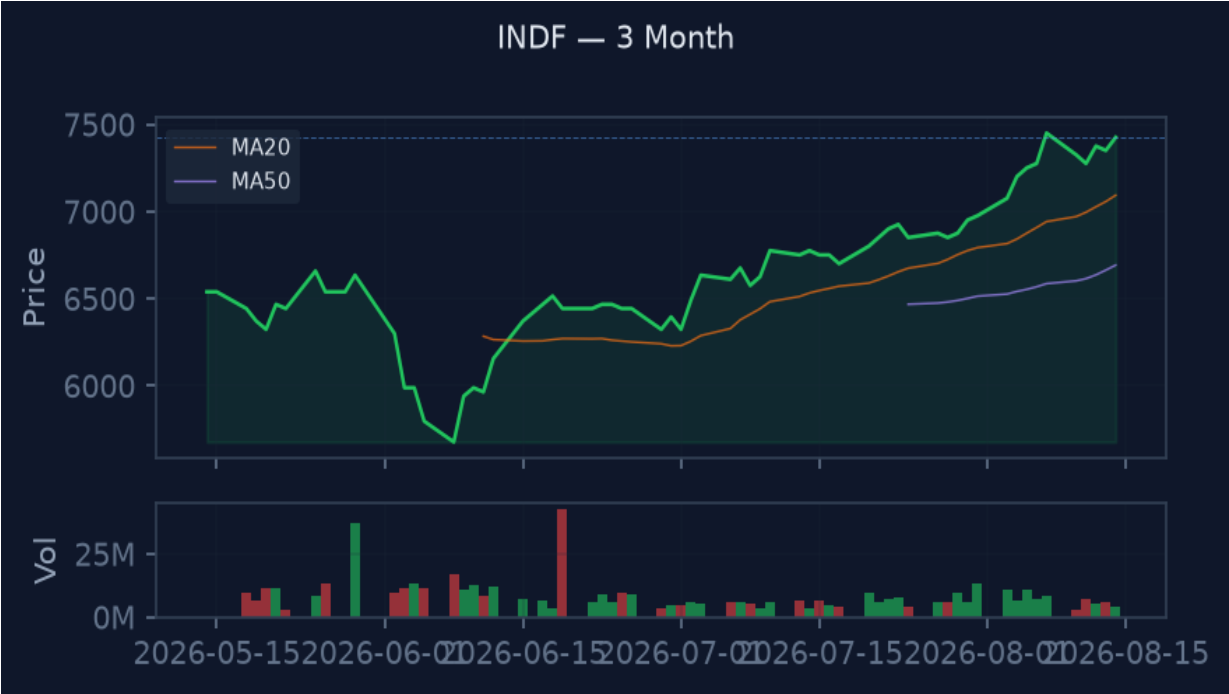

Price	Rp 7,600	P/E	12.0x
P/B	1.68x	ROE	12.6%
RSI	77.1	Signal: #f97316HOLD	

HOLD The stock's high P/E ratio and RSI above 70 indicate it may be overvalued, but stable ROE and low debt suggest potential for growth. Further analysis recommended.

INDF — Consumer Defensive

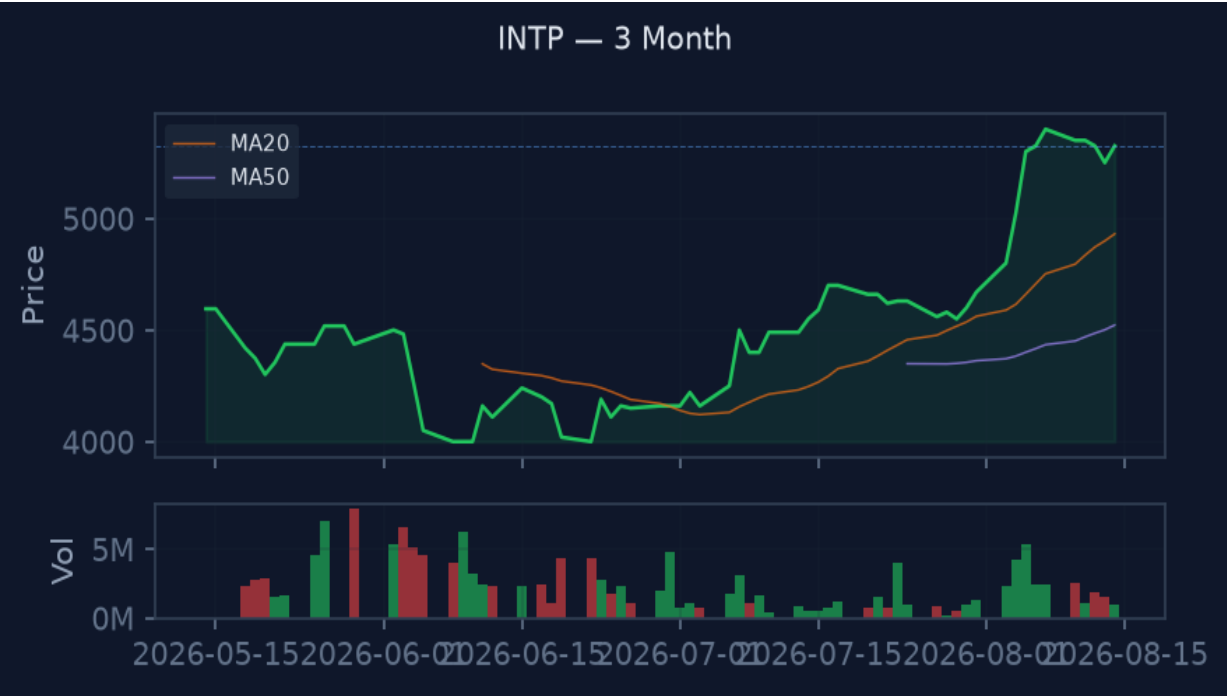

Price	Rp 7,425	P/E	6.8x
P/B	0.85x	ROE	12.1%
RSI	77.5	Signal: BUY	

HOLD The stock's high RSI and recent price increase suggest a potentially overbought market condition. Further analysis of the company's fundamentals and market trends is recommended before making a decision to buy or sell.

INTP — Basic Materials

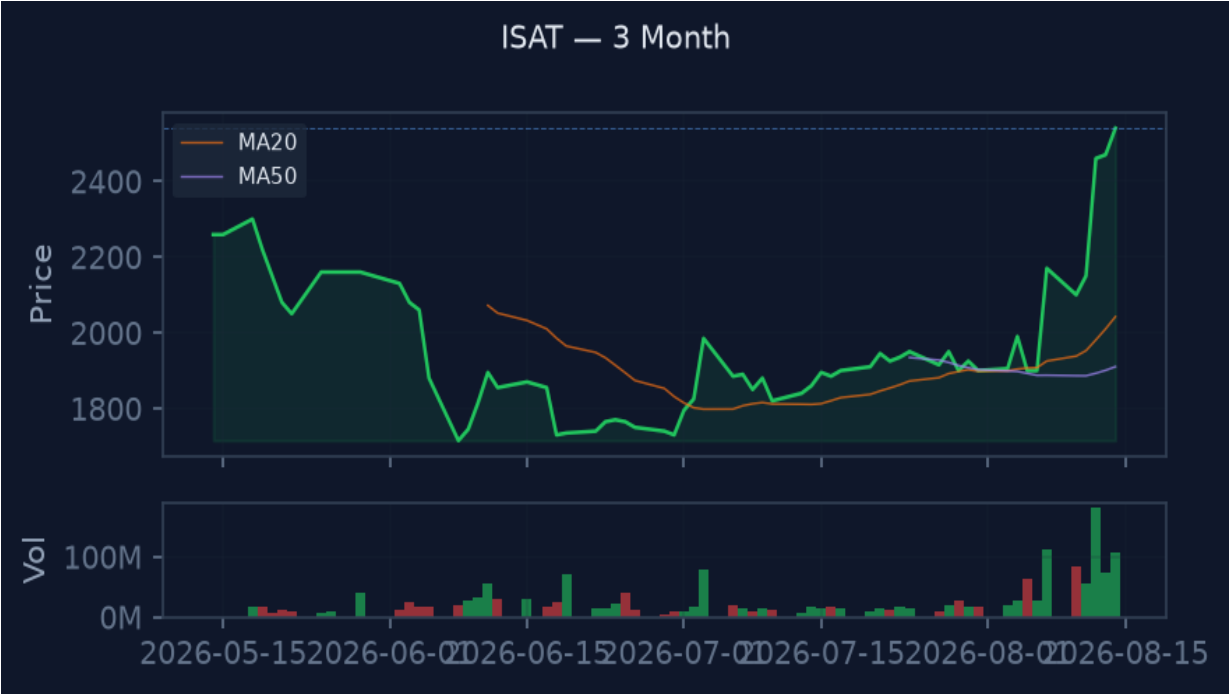

Price	Rp 5,325	P/E	7.5x
P/B	0.80x	ROE	10.7%
RSI	84.0	Signal: BUY	

HOLD The stock's high RSI and recent price increase suggest a potential market correction could be imminent, making it prudent to hold rather than buy or sell.

ISAT — Communication Services

Price	Rp 2,540	P/E	10.9x
P/B	2.21x	ROE	20.2%
RSI	78.5	Signal="197316">HOLD	

HOLD The stock's high P/E and D/E ratios suggest it may be overvalued, but its strong RSI and low ROE indicate mixed signals. A cautious approach is advised.

ITMG — Energy

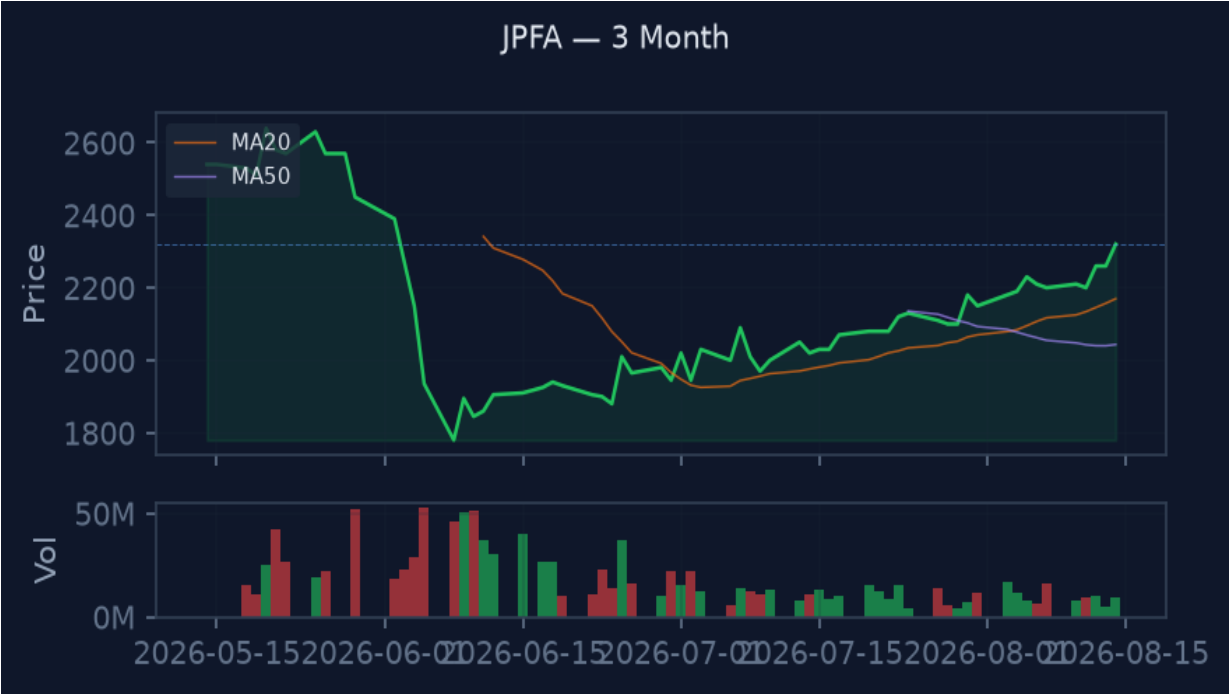

Price	Rp 25,000	P/E	7.4x
P/B	14509.58x	ROE	11.1%
RSI	60.3	Signal="197316">HOLD	

HOLD The stock's valuation metrics are mixed with a relatively low P/E and high P/B ratios, but stable ROE and D/E. The RSI and recent price change suggest some upward momentum, but the 52-week percentage indicates limited growth over time. Overall, ITMG appears to be a steady performer rather than a strong growth stock.

JPFA — Consumer Defensive

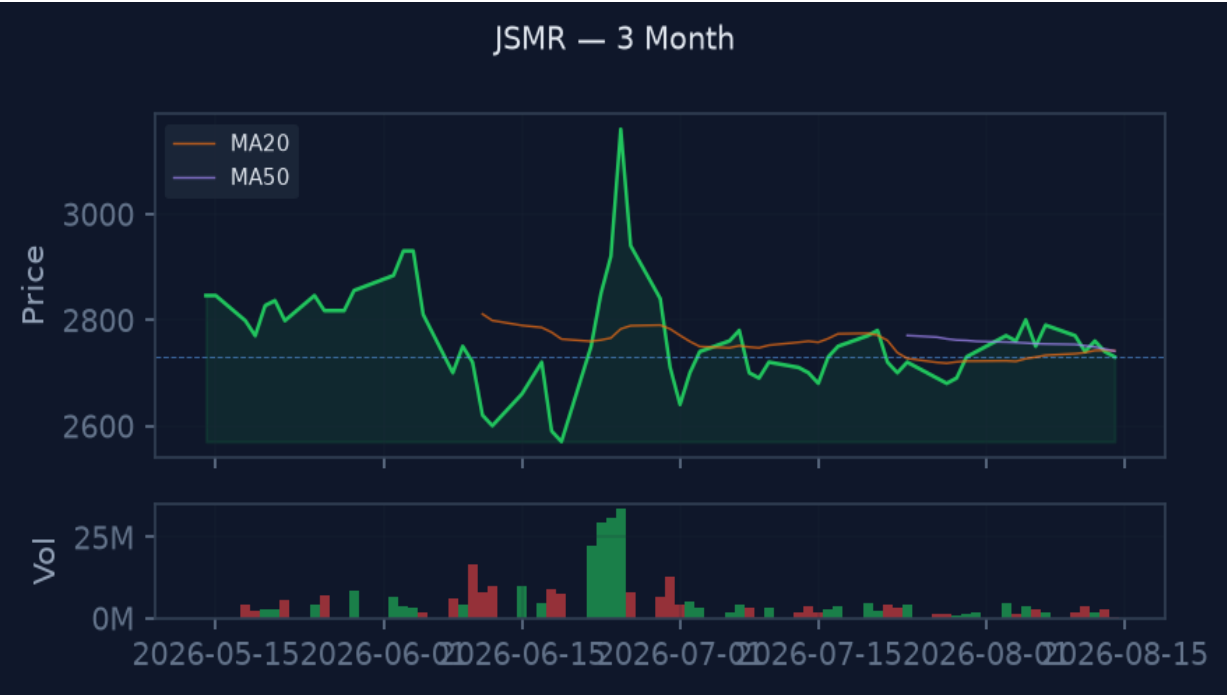

Price	Rp 2,320	P/E	5.3x
P/B	1.31x	ROE	27.8%
RSI	78.4	Signal: BUY	

HOLD JPFA's high valuation metrics and overbought RSI signal a potential market correction, making it prudent to hold rather than buy or sell at this time.

JSMR — Industrials

Price	Rp 2,730	P/E	5.7x
P/B	0.53x	ROE	7.7%
RSI	55.9	Signal: BUY	

HOLD The stock's valuation metrics and performance indicators suggest a stable position in the market, but not strong enough to warrant a buy recommendation.

KLBF — Healthcare

Price	Rp 800	P/E	10.1x
P/B	1.49x	ROE	14.8%
RSI	77.4	Signal="#f97316">HOLD	

HOLD KLBF's high valuation metrics and neutral RSI suggest a stable stock performance, warranting a hold position for now.

LPPF — Consumer Cyclical

Price	Rp 1,585	P/E	4.6x
P/B	11.75x	ROE	229.2%
RSI	57.8	Signal="#f97316">HOLD	

HOLD The stock's valuation metrics are high, and the recent price change is modest. Further analysis of the company's fundamentals and market conditions is recommended before making a decision.

MAPI — Consumer Cyclical

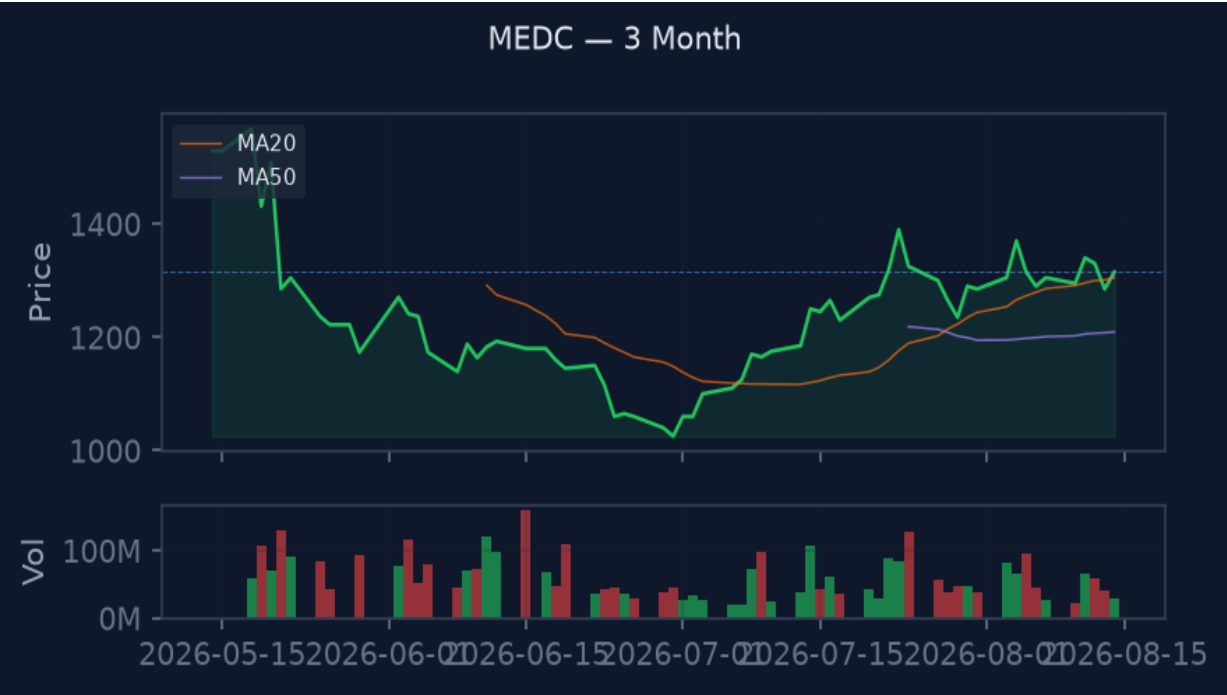

Price	Rp 1,495	P/E	10.0x
P/B	1.78x	ROE	17.6%
RSI	53.6	Signal="#f97316">HOLD	

HOLD. MAPI's mixed valuation metrics and neutral RSI suggest a stable market position, but the recent decline in stock price warrants caution before making an investment decision.

MEDC — Energy

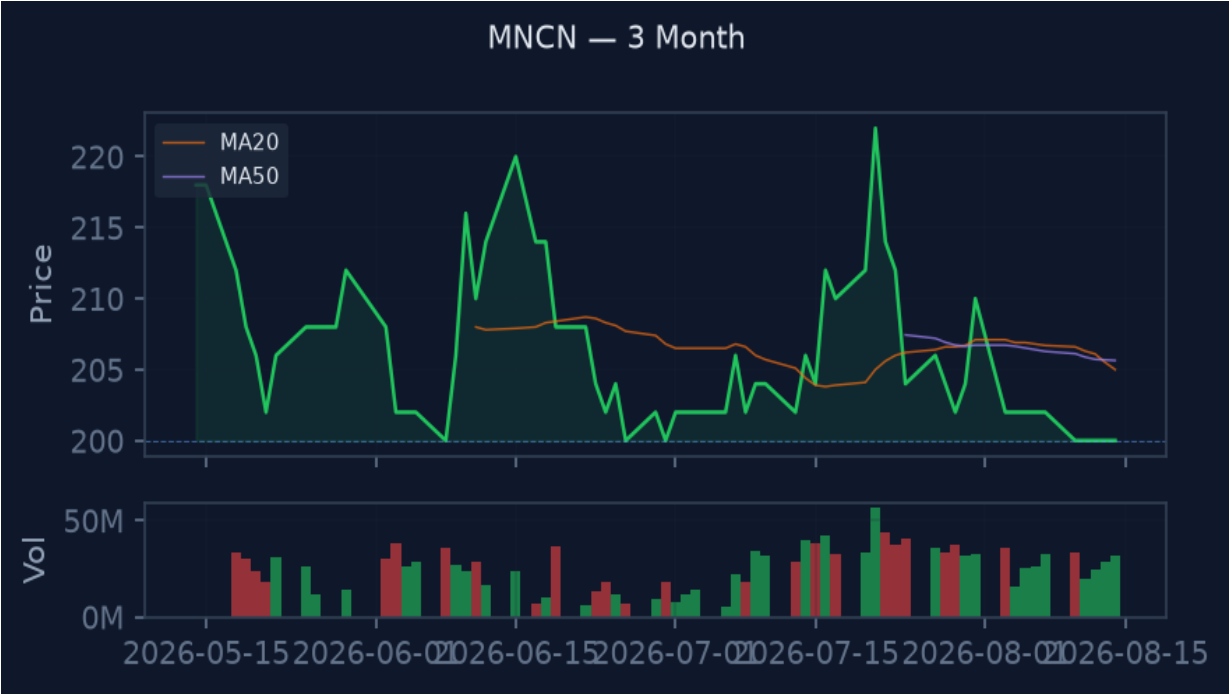

Price	Rp 1,315	P/E	12.1x
P/B	14775.28x	ROE	7.0%
RSI	51.7	Signal="#f97316">HOLD	

HOLD The stock's valuation metrics are high, and the modest ROE suggests limited growth potential.

MNCN — Communication Services

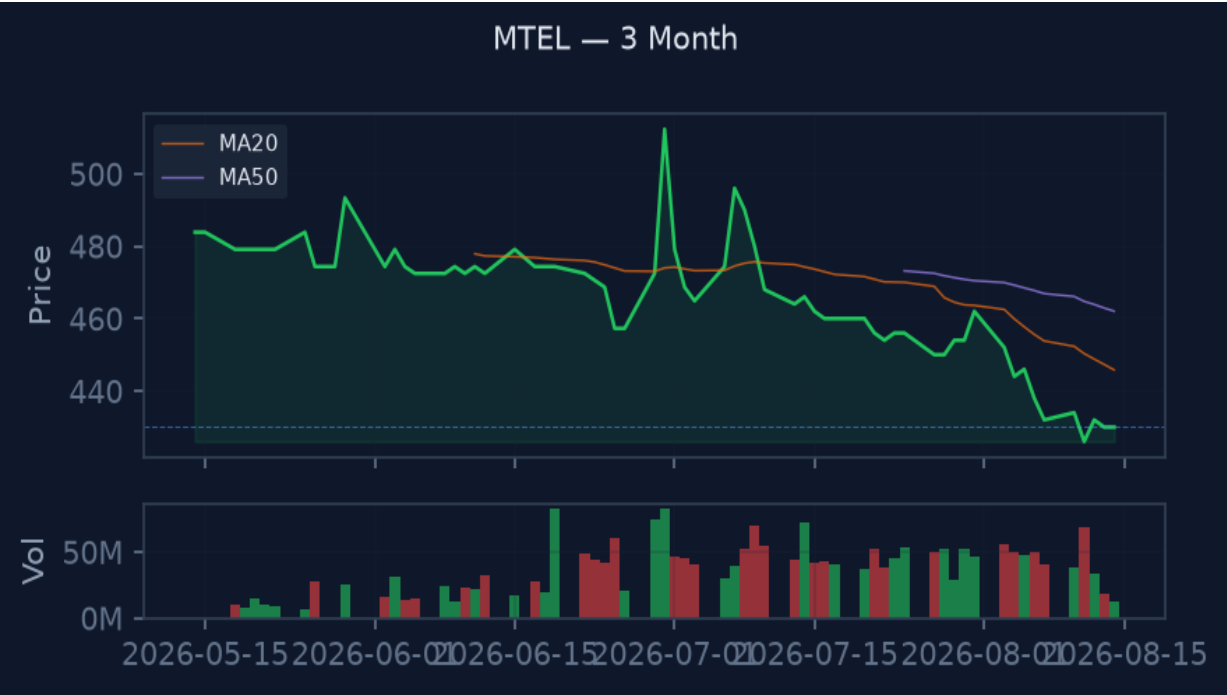

Price	Rp 200	P/E	2.2x
P/B	0.12x	ROE	5.5%
RSI	36.4	Signal="f97316">HOLD	

HOLD The stock's low P/E ratio and RSI suggest a cautious approach due to potential undervaluation or market uncertainty.

MTEL — Communication Services

Price	Rp 430	P/E	15.9x
P/B	1.04x	ROE	0%
RSI	34.4	Signal="f97316">HOLD	

HOLD The company's low ROE and high debt-to-equity ratio indicate a less efficient use of equity capital and increased risk, which could limit long-term growth potential.

PGAS — Utilities

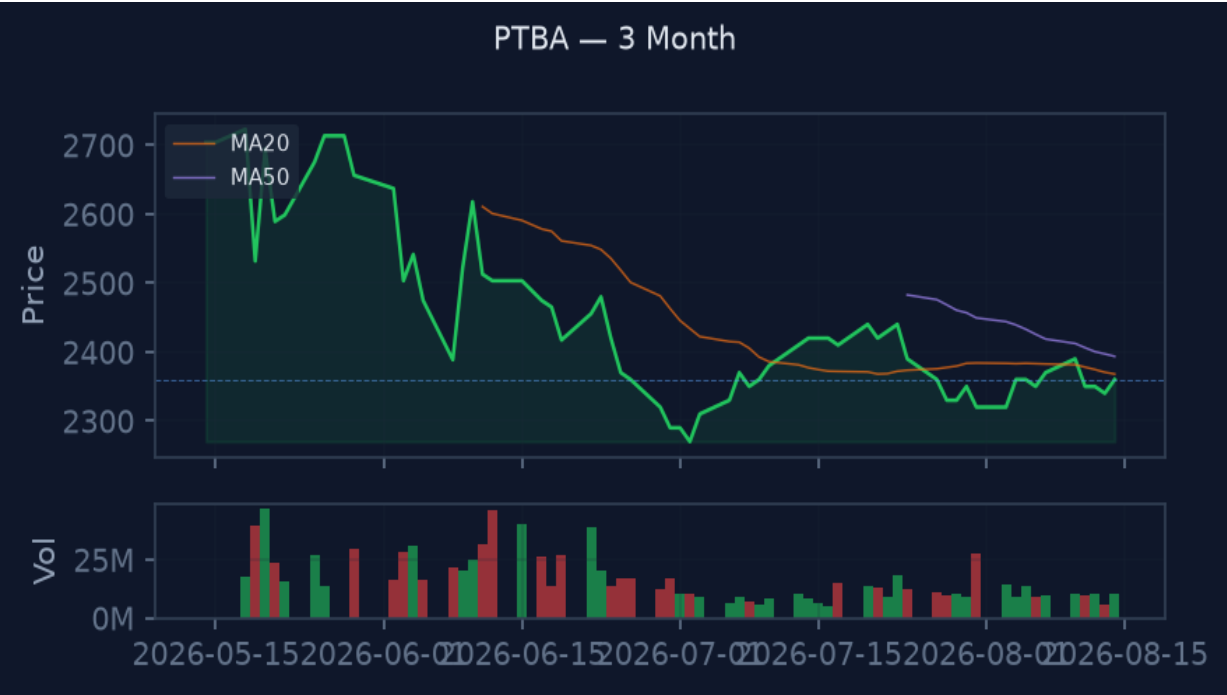

Price	Rp 1,495	P/E	8.4x
P/B	12777.78x	ROE	10.1%
RSI	37.0	Signal="f97316">HOLD	

HOLD The stock's valuation metrics are high, and the RSI suggests a potential overbought condition. However, the recent price change is positive, warranting a hold for further assessment.

PTBA — Energy

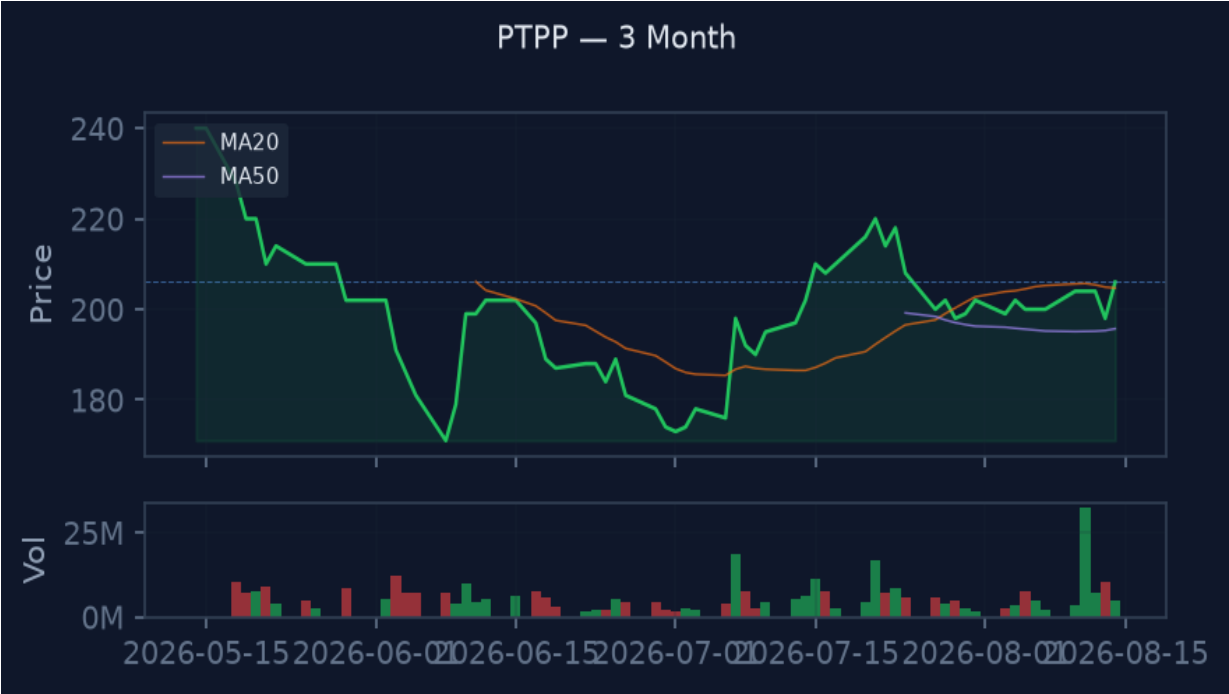

Price	Rp 2,360	P/E	8.1x
P/B	1.15x	ROE	14.4%
RSI	50.0	Signal="22c55e">BUY	

HOLD The stock's valuation metrics and performance indicators suggest a stable position in the market, but not strong enough to warrant a buy recommendation.

PTPP — Industrials

Price	Rp 206	P/E	3.8x
P/B	0.38x	ROE	-81.6%
RSI	58.3	Signal="#f97316">HOLD	

HOLD The company's negative ROE and high debt-to-equity ratio indicate potential financial instability, despite the recent price increase and moderate RSI value.

PWON — Real Estate

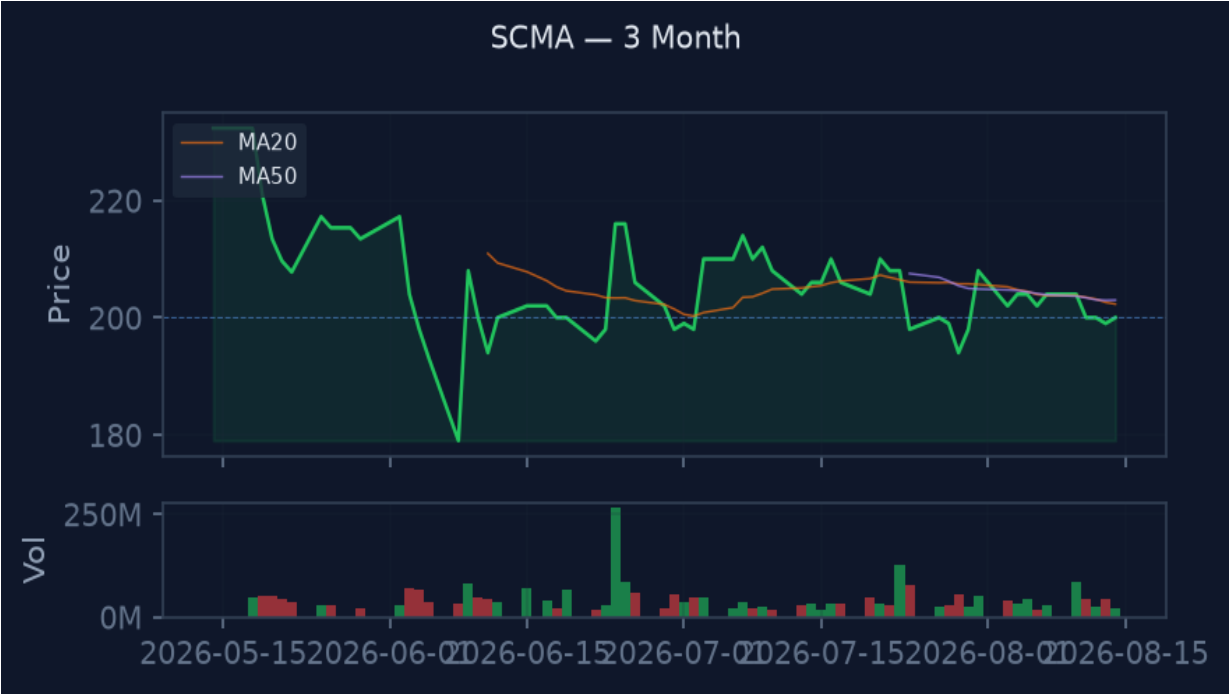

Price	Rp 254	P/E	5.5x
P/B	0.54x	ROE	10.0%
RSI	40.9	Signal="#f97316">HOLD	

HOLD The stock's low P/E ratio and debt-to-equity ratio suggest a cautious approach, while the stable RSI and moderate price change indicate a steady market presence.

SCMA — Communication Services

Price	Rp 200	P/E	12.9x
P/B	2.01x	ROE	13.6%
RSI	50.0	Signal="BUY"	

HOLD The stock's valuation metrics are mixed with a relatively low P/E and high D/E ratio, while the RSI is at 50 indicating neutral momentum. The company's ROE is also moderate at 13.6%. Overall, these factors suggest a hold position rather than buying or selling.

SIDO — Consumer Defensive

Price	Rp 346	P/E	10.6x
P/B	3.40x	ROE	30.4%
RSI	26.9	Signal="HOLD"	

HOLD The stock's valuation metrics and recent price movement suggest a cautious approach to investing in Sido.

SMGR — Basic Materials

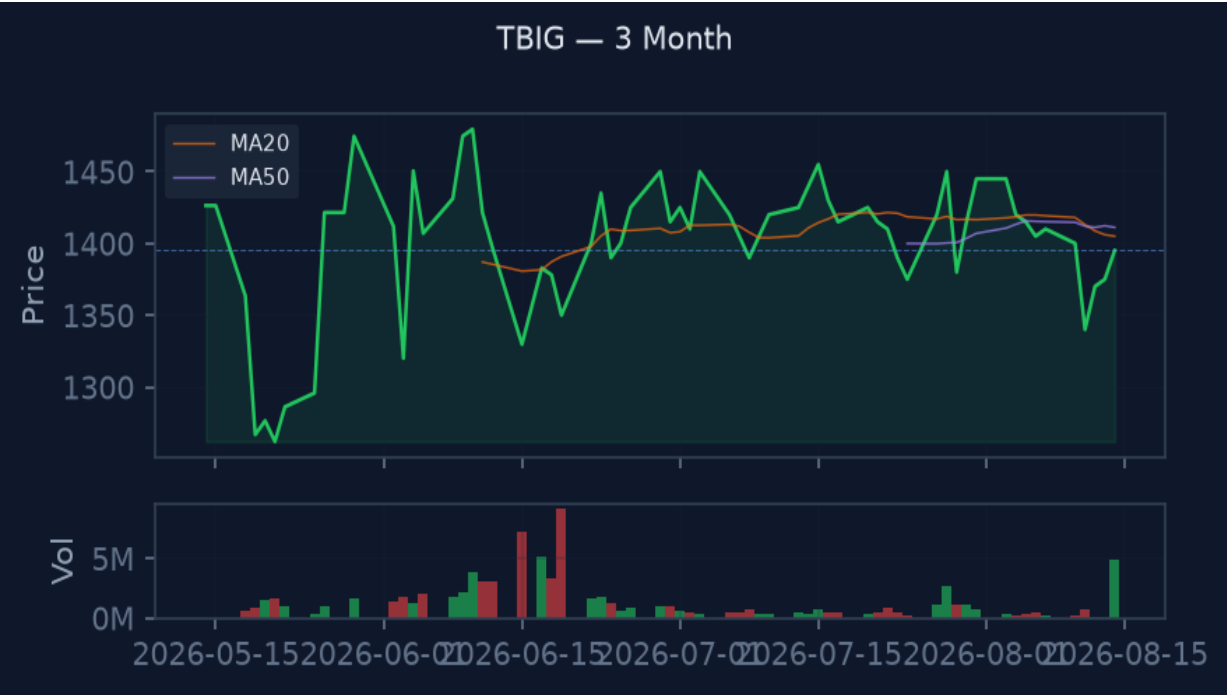

Price	Rp 1,580	P/E	46.5x
P/B	0.24x	ROE	0.4%
RSI	64.7	Signal="#f97316">HOLD	

HOLD The company's low ROE and high debt-to-equity ratio indicate a less efficient use of capital and increased financial risk, which could limit long-term growth potential despite the recent positive price change.

TBIG — Communication Services

Price	Rp 1,395	P/E	21.7x
P/B	2.44x	ROE	12.4%
RSI	46.3	Signal="#f97316">HOLD	

HOLD The stock's valuation metrics are within reasonable ranges, but the RSI and recent price change suggest a cautious approach to investing in TBIG at this time.

TLKM — Communication Services

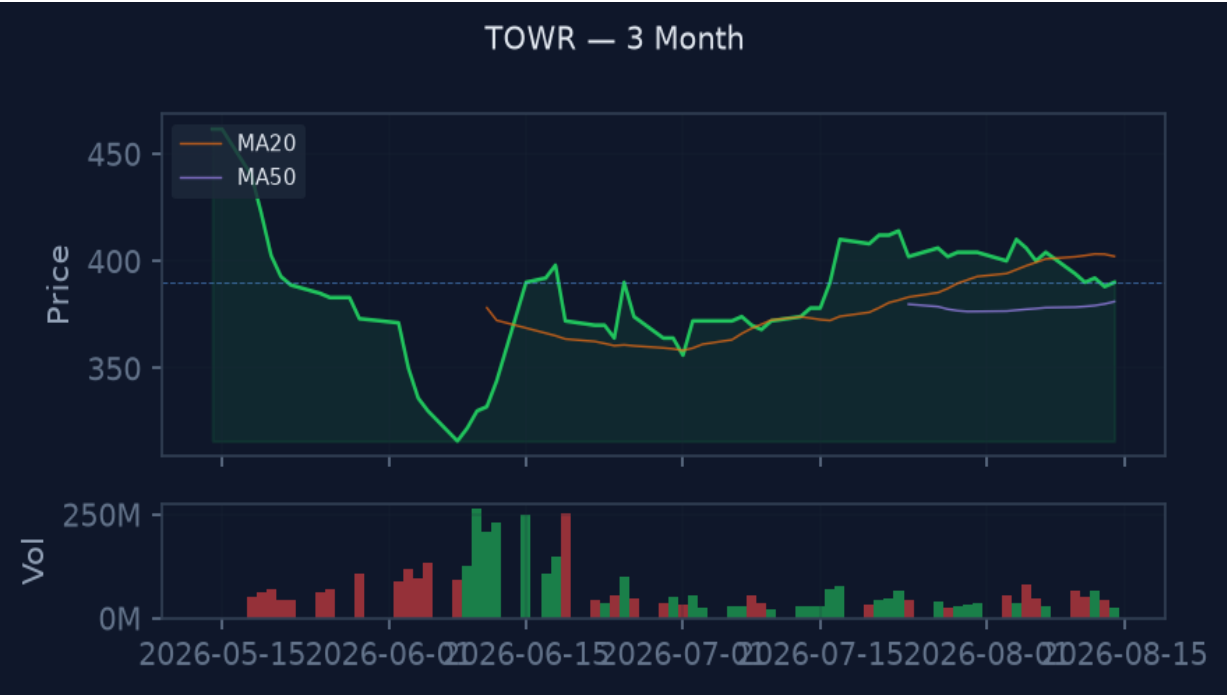

Price	Rp 2,620	P/E	14.7x
P/B	1.93x	ROE	17.7%
RSI	52.2	Signal="f97316">HOLD	

HOLD The stock's valuation metrics are within reasonable ranges, but the high debt-to-equity ratio and moderate RSI suggest caution before making a strong investment decision.

TOWR — Real Estate

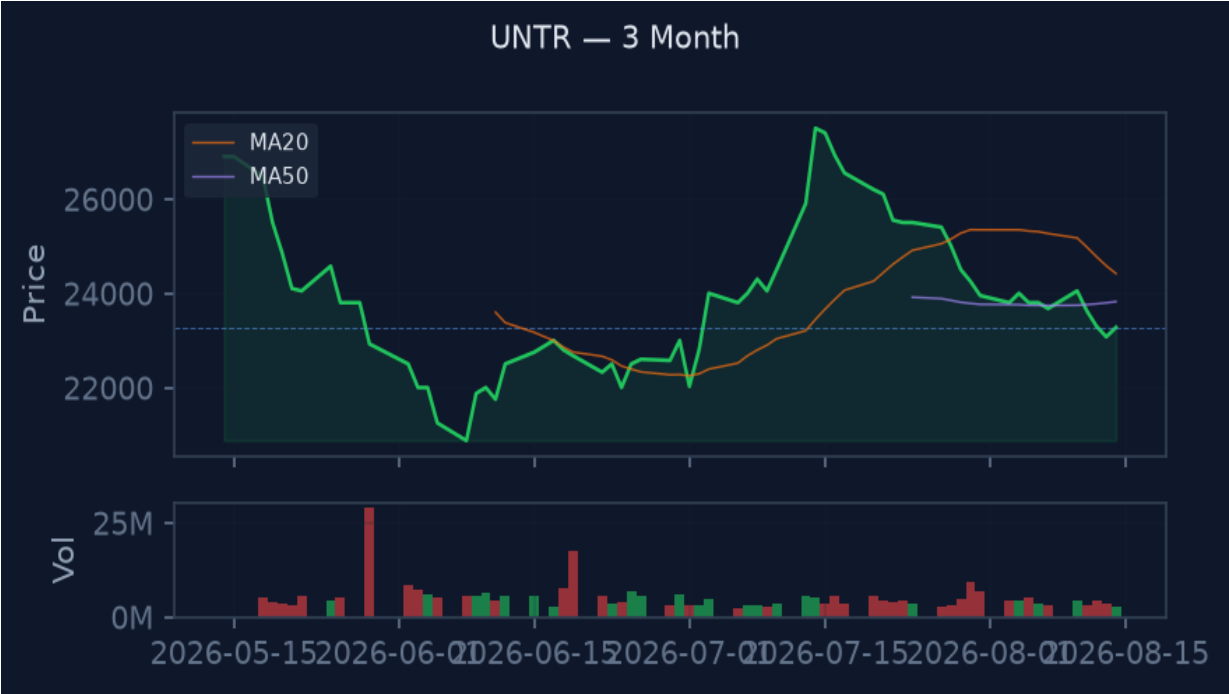

Price	Rp 390	P/E	5.7x
P/B	0.79x	ROE	16.1%
RSI	35.7	Signal="22c55e">BUY	

HOLD The stock's valuation metrics and RSI suggest a stable position, but not enough growth potential for a buy recommendation.

UNTR — Basic Materials

Price	Rp 23,275	P/E	11.0x
P/B	0.87x	ROE	7.4%
RSI	21.1	Signal="#f97316">HOLD	

HOLD The stock's valuation metrics are reasonable but the recent price drop and low RSI suggest caution before making a strong investment decision.

UNVR — Consumer Defensive

Price	Rp 1,775	P/E	18.1x
P/B	10.28x	ROE	133.4%
RSI	60.9	Signal="#f97316">HOLD	

HOLD The stock's valuation metrics are within reasonable ranges, but the company's performance has been relatively stable with a moderate increase in price. Further analysis is needed to make a more informed decision.

WIKA — Industrials

Price	Rp 204	P/E	-1.5x
P/B	-4.02x	ROE	-181.3%
RSI	50	50<for id="f97316">HOLD	

HOLD The company's negative P/E and ROE ratios, along with a high debt-to-equity ratio, suggest that the stock may not be performing well. However, its RSI and weekly price change indicate some stability in the market. Further analysis is recommended before making a final decision.
